

URBANSLAT FLUTED WALL TILE COLLECTION

Elevate your interiors with the UrbanSlat Fluted Wall Tile Collection, bringing a new level of sophistication to your design. These 16" x 48" ceramic wall tiles feature a striking 3D fluted pattern available in both wood and marble looks. The wood styles, finished in matte, range from warm honey blonde to deep black, while the marble designs feature a satin finish in shades like white with gold or grey veining, and black with chalky white veins. These oversized tiles are not only on-trend but also easy to install, with minimized grout lines creating a seamless look. Whether used for kitchen backsplashes, bathroom shower surrounds, or other vertical surfaces, this collection is a versatile fit for a variety of spaces. Perfect for decor styles ranging from traditional to contemporary, each tile adds a distinctive touch to any room.
